## THE SALT LAKE HERALD.

SALT LAKE CITY, UTAH: TUESDAY, SEPTEMBER 16, 1902

## WEATHER TODAY.

Forecast for Salt Lake.  
Partly cloudy and continued cool.

PRICE FIVE CENTS.

DEMOCRATIC HOSTS  
MEET IN PROVO TODAY

Temporary Officers Selected at a Meeting of State Committee Last Evening.

Delegates Sanguine of Victory at the Polls—Great Rally in Evening Will Mark Opening of Campaign.

Chairman—Judge O. W. Powers, Salt Lake.  
First Vice Chairman—L. C. Thoresen, Cache.  
Second Vice Chairman—Levi N. Harmon, Carbon.  
Third Vice Chairman—Mrs. Luella Hammond, Utah.  
Secretary—Henry N. Hays, Sevier.  
First Assistant Secretary—John A. Housgar, Sanpete.  
Second Assistant Secretary—Mrs. Eleanor Call, Box Elder.  
Sergeant-at-Arms—Dan Cronin, Juab.

(Special to The Herald.)  
PROVO, Sept. 15.—The Democratic state committee met this evening and selected the officers named above for the temporary organization of the state convention which will be held here tomorrow.

The permanent chairman of the convention will undoubtedly be former Senator Frank J. Cannon, who is expected to make a speech in which he will discuss local, as well as national questions.

After the convention adjourns there will be a rally. It will take place in the evening in the opera house, where the convention will be held. It will be the formal opening of the Democratic campaign. It will be presided over by Chairman Housgar of the state committee. The feature of the rally will be the speech to be delivered by United States Senator Rawlins, who will devote a major portion of his address to replying to Senator Beveridge's Oregon speech. C. S. Varian will also speak. Delegations arrived this afternoon from Plute, Sevier and Sanpete counties, and some from Salt Lake City, and this evening from Uintah, Carbon, Emery, Grand and other southwestern counties.

## CAUCUS OF SALT LAKERS.

Will Discuss Matters on Way to Provo.

The Salt Lake delegation will go to Provo on a special train, leaving the city at 9:15 o'clock, via the Rio Grande, reaching the convention city at 10:30 o'clock, half an hour before the convention is called to order. Returning, the train will leave after the rally, at the convenience of the delegates. En route to Provo the county delegation will caucus.

ODD FELLOWS' SOVEREIGN GRAND LODGE  
IN ANNUAL SESSION AT DES MOINES

DES MOINES, Ia., Sept. 15.—With special trains arriving from all parts of the country, and the attendance already having reached 30,000, the seventy-eighth annual session of the sovereign grand lodge of Odd Fellows was formally welcomed to this city today by Governor Cummins and Mayor Brenton, in a public session in the new Auditorium. Addresses were made by various Iowa officers of the order. The response was made by A. Cable of Covington, O., grand sire.

FEARFUL ACCIDENT  
NEAR JERSEY CITY

New York, Sept. 15.—George Lutz, engineer, James G. Dooley, fireman, and Walter Weber, conductor, were blown out of the cab of a locomotive which exploded on the Pennsylvania railroad just west of Jersey City. Lutz was killed and the others were seriously scalded and bruised. No cause for the explosion has been discovered. The boiler had been filled with water in the tender and the locomotive had been working smoothly. The engine was one of the largest on the road and of the most modern type, drawing a heavy freight train into Jersey City. The wreck of the boiler indicates that the crown sheet blew out the force of the explosion lifted the boiler up and forward of the bed plates on the trucks and with the cab, the boiler fell into the air. About 150 feet from the place where the explosion occurred and when in the air, the cab split in two, dropping in parts to the tracks with Lutz in one part and Dooley and Weber in the other. The boiler fell onward and upward 100 feet more and then struck the side of a cut, bounded off the rock and fell downward but still forward, to the tracks, landing about seventy-five feet beyond.

RAILWAY TRAINMEN  
MAKING NO THREATS

Cleveland, O., Sept. 15.—Grand Master C. H. Morrissey of the Brotherhood of Railway Trainmen, today authorized the following statement: "The different stories that are arising pertaining to a movement on the part of the conductors and trainmen in the western country for a raise of wages are, in the main, inaccurate and misleading. They probably grow out of the fact that an association of the general committee of the Order of Railway Conductors and the Brotherhood of Railway Trainmen for this territory was formed in June at Kansas City, at which time the question of increases of pay for men in train and yard service was discussed. "It is the general belief among the men of these organizations that because of the vastly changed conditions now as compared with those in existence at the time the present wage standards were made, they are entitled to some additional compensation, and they are now considering the propriety of asking for it. But if anything is done through these organizations in this direction, it will be along orderly lines as it was in the long established policies and laws of the bodies affected."

## TURNED ON THE GAS.

Ann Arbor, Mich., Sept. 15.—Two young men, L. W. Bruskie and Joseph Klersek of Posen, Mich., at home today, Klersek had come to Ann Arbor to have his eyes treated. The men said when they returned to their homes, they were told to using gaslight. It is supposed that they got up in the night for some purpose, and turned on the gas, thinking this would produce light. They had evidently been overcome while trying to reach the door.

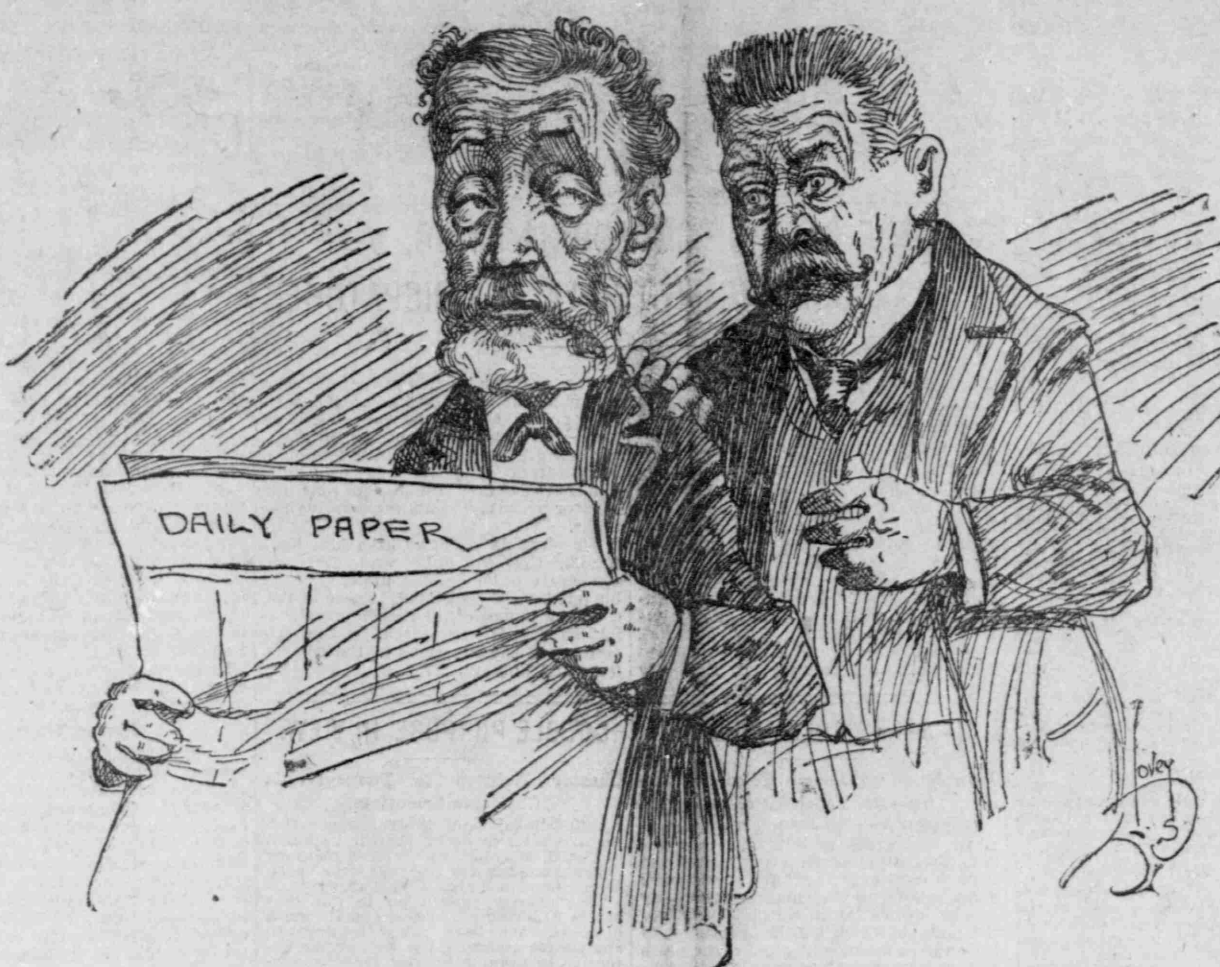

## OBSTETRICAL CONGRESS.

Rome, Sept. 15.—The international obstetrical congress was opened here today. There are five American doctors in attendance.

## GOMPER'S HAS A PLAN TO AID STRIKERS

WILKESBARRE, Pa., Sept. 15.—Sheriff Jacobs and a large number of deputies assembled at the court house at an early hour this morning in anticipation of trouble occurring at some of the mines. But outside of an outbreak at Old Forge, in which an Italian was badly injured by strikers, the day was a very quiet one in the strike region. National Board Member John Fallon went to Nanticoke early in the morning to head off any trouble in that section, and other prominent officials of the United Mine Workers went to other parts of the county to advise against any marches on the collieries. But no marches were attempted, neither was there any effort made to resume work at any of the big mines. It is said that the attempt may be made when least expected, probably some day this week.

An important conference will be held at strike headquarters tomorrow. Among those who will take part will be President Mitchell, District Presidents Nichols, Duffy and Fahy, and National Treasurer Wilson of Indianapolis, and Samuel Compers, president of the American Federation of Labor. Bishop Fallows of the Reformed Episcopal church of Boston may also be present. It is stated that the chief topic that will be discussed will be the relief plan. Mr. Compers, it is said, has some proposition to make which will insure steady relief for the striking miners all winter, should they decide to continue the battle.

## THE SUNDAY TRAGEDY.

FIRST PUBLIC OFFICIAL—Did you know that that saloon was open on Sunday?

SECOND P. O.—Nope. Did you?

FIRST P. O.—Nope.

SECOND P. O.—Well then, it wasn't open, was it?

FIRST P. O.—Nope.

BOTH.—Well then, there wasn't nobody shot, was they?

## BOUND FOR OYSTER BAY

President Roosevelt Sends for Senators Allison, Aldrich, Spooner and Others.

New York, Sept. 15.—Much speculation was caused tonight by the presence in the city of five of the most influential members of the United States senate, all here on their way to meet President Roosevelt at Oyster Bay tomorrow. The five are Senators Hanna of Ohio, Allison of Iowa, Aldrich of Rhode Island, Spooner of Wisconsin and Platt of Connecticut. The senators declined to discuss the probability of any particular question coming up at a conference with the president tomorrow. In fact, they said they knew of no specific reason for sending the invitation to meet the chief executive at this time.

Senator Allison said: "I am going to see the president at his invitation, but he did not mention that others were to be there."

Senator Hanna disclaimed all knowledge of the president's purpose in calling the senators together. "I do not know what subjects will be discussed at tomorrow's conference." When asked if the question of the coal strike would be discussed, he said he saw no reason why it should be.

"Do you think there is any likelihood that the contentions of the striking coal miners and operators will be submitted to arbitration?" he was asked.

"I see no chance of it," he answered. "I am out of touch with the strike situation and have been for some time."

Senator Allison said: "I have no indication that the National Civic Federation may be called upon to arbitrate."

## ARNEY'S SKIRTS ARE

## CLEARED OF SCANDAL

(Special to The Herald.)  
Boise, Ida., Sept. 15.—Warden Charles E. Arney is absolved from the part he was alleged to have taken in the penitentiary abortion case, and today walked out of the court room legally clear of the scandal. Dr. J. K. Dubois was not quite so fortunate. His fate will be known in a day or two. Judge Koelsch, pursuant to the adjournment of Friday, convened the probate court in session at 2 o'clock this afternoon to render his decision in the case of the state vs. C. E. Arney and Dr. J. K. Dubois.

Judge Koelsch said: "I have read the evidence, and so far as one of the defendants is concerned, the case against Warden C. E. Arney is dismissed. As to Dr. Dubois, I desire further time."

"How long?" inquired General Parsons, attorney for the doctor.

"Oh, maybe a day or so," replied Judge Koelsch.

With this statement from the court both defendants left the room.

## SMOTHERED TO DEATH.

Butte, Mont., Sept. 15.—John Larsen, a carman at the Butte & Boston smelter, was smothered to death in a pit of concentrates early this morning. Larsen fell head-first into the pit and was discovered by one of his feet protruding from the pulverized ore. He had remained in the pit for about half an hour.

## WILL INSPECT LAND OFFICES.

(Special to The Herald.)  
Washington, Sept. 15.—Assistant Land Commissioner Richards left for the west today. He will spend a month in Wyoming and Montana, taking occasion to inspect the several land offices and offices of surveyors general.

Investigation will be made of the tract west of Lander, which it has been asked be made a forest reserve, and other sections in those states recommended for reservation will be gone over.

## MURDERER'S HORRIBLE FATE

With a Noose Around His Neck He Was Dragged Over the Rock-strewn Desert, His Lacerated Body Being Finally Burned.

SAN BERNARDINO, Cal., Sept. 15.—George Bruce, a notorious Indian outlaw, whom officers of southern California and Arizona have been hunting for several months, has met death in a manner as terrible as that of his victim, Victoria Maria, a comely young woman of Hesperia. Several months ago, Bruce murdered Victoria Maria by choking her into insensibility, then burying her alive. He was arrested and his preliminary examination held at Hesperia, but while officers were sitting with their prisoner in the court room the Indian made a successful dash for liberty.

For months the desert has been scoured by officers and Indians, for the latter were as anxious as the officers to capture the murderer. Word reached this city today that not only had the outlaw been captured by the Indians, but that he had been put to a most horrible death. The capture was made in southern Nevada a few days ago, and no time was lost in the execution. A rope was fastened by slip noose around his neck and with the other end tied to the horn of a saddle, the murderer was dragged for over a mile across the rock-strewn desert. The body, which was horribly lacerated, was thrown on a huge pile of wood and burned.

## GENERAL OFFICES OF THE WELLS-FARGO

## COMPANY MAY BE REMOVED TO NEW YORK

San Francisco, Sept. 15.—At the postponed annual meeting of Wells, Fargo & Co. today, the following directors were elected: Dudley C. Evans, E. H. Harriman, George E. Gray, Homer S. King, John J. McCall and H. E. Huntington. Directors Christensen, John J. Benningham and Lathan Stein were succeeded by W. V. S. Thorne, W. T. Brunst and T. D. Underwood, all of New York. Underwood has been president of the Erie railway, and the other two directors are known to be capitalists who have been interested with Harriman in some of his many enterprises.

The result of the election is to leave the board of management of Wells, Fargo & Co. with but three resident directors—Evans, Gray and King. A quorum cannot be secured in this city unless at least three of the directors come here from New York. Evans, who has been acting president of the company since the death of A. J. Valentine about a year ago, is a resident of New York. Secretary Stein has not. There is an assistant secretary in the New York office of the company. The other officers of the company are George E. Gray, first vice president and Homer S. King, treasurer.

The officers are non-communative over the many rumors of the removal of the general offices to New York and the merging of the four great express companies of the country into one. They do not even vouchsafe information as to the date and place of the next meeting of the board of directors, at which, rumor has it, Harriman will be elected president of the company and Dudley C. Evans general manager.

## RIOT AT THE PRESIDIO

## Soldiers Wreck a Saloon and Set Fire to It—Threw Stones at Police.

San Francisco, Sept. 15.—Rioting was renewed at the eastern outskirts of the Presidio reservation tonight. Early in the evening a band of soldiers from various companies gathered inside of the reservation fence, opposite Anderson's saloon, which was the center of last night's outbreak. They began throwing stones in the direction of Anderson's place and the police were summoned.

The soldiers then assailed the police with sticks and stones, and the attacking force was quickly reinforced by recruits, and soldiers gathered from all directions. Some shots were fired by the soldiers, who then rushed across the street, took possession of Anderson's place and proceeded to wreck it. They secured kerosene, poured it over a portion of the building and set fire to it. The building was called out and the flames were extinguished with great difficulty. The saloon was then set on fire and partially demolished it, while other houses in the vicinity were also more or less damaged.

The rioters were finally quelled by Lieutenant Murphy of the army, who appeared on the scene and personally hustled a number of the soldiers out of the building. A patrol from the reservation appeared and the men were forced to retreat to the reservation. So far as can be learned no one was seriously hurt, and only one slightly injured, a policeman being struck with a beer bottle.

## GERMAN ENTERPRISE.

Hamburg, Sept. 15.—With the object of further developing trade in Egyptian cotton the German Levant line, an adjunct of the Hamburg-American line, has decided to inaugurate a fortnightly service between Alexandria and Hamburg during the cotton season, beginning in October.

## NATIONAL PRISON CONGRESS.

Philadelphia, Sept. 15.—Numerous addresses were made to today's sessions of the national prison congress. Chief among them was that of Warden N. F. Baucher of North Dakota, president of the National Prison association. Other speakers were Dr. N. T. Gilmore, warden of the Federal prison at Toronto, Canada, and Dr. W. Bussinger, warden of the Eastern penitentiary of this city.

## OPENED FOR BUSINESS

Pius Fund Claim Before the International Court of Arbitration.

The Hague, Sept. 15.—The hearing of the claim of the United States against Mexico, growing out of the Pius fund of California, commenced here today before the international court of arbitration. At the opening of the court the foreign minister, Dr. R. Melvil Baron Van Lynden, reviewed the history of the court, which he said had been ready for business since January, 1901, but lacked litigants. He heartily congratulated the two over-seas republics on taking the initiative and hoped that the experience of the court would contribute powerfully to the maintenance of the peace of the world.

Dr. Matzen, president of the court, thanked the minister for his friendly greetings and said he hoped the court would become the center of international right. The president then opened the first session of the court, expressing the hope that the work of the tribunal would harmonize with the sublime idea which led to its establishment, and said a glorious result was anticipated from the court, namely, to facilitate the peaceful settlement of disputes between states on the basis of respect for justice.

The American and Mexican republics expressed their thanks for the welcome and said they had full confidence in the impartiality and equity of the court. In declaring in advance their intention to abide by its decision, the Mexican representatives hoped that both great and small powers would follow the lead of the two great North American republics.

## INJUNCTION AGAINST

## PLACING OF PICKETS.

Omaha, Neb., Sept. 15.—Judge McPherson, in the federal court today, on application of the Union Pacific Railroad company, granted a temporary injunction restraining the striking shopmen of that road from placing "pickets" about the gates and grounds of the Union Pacific shops. The hearing is set for Sept. 25.

This action was taken by the railroad because of the trouble made yesterday by pickets, upon two strike breakers, one of whom was killed. Chief of Police Donahue yesterday placed a heavy detail of police about the entrances of the shop, and today the city officers were reinforced by several deputy marshals. Five of the nine men arrested yesterday have been held, charged with Caldwell's murder, and the other four are held as witnesses. Those charged with the murder are Michael Spellman, a striking boilermaker's helper; Charles Popst, striking blacksmith; John Spellman, laborer; Jack McKenna, laborer, and John Kerrigan, blacksmith's helper.

## CASH WAS FREELY USED

## St. Louis Grand Jury Continues Its Investigations of the Bribery Scandal.

St. Louis, Sept. 15.—The grand jury today continued its inquiry into the city lighting deal and other legislation. Subpoenas have been served on all the members of the present house of delegates to appear before the grand jury. They will be questioned as to what they know about the city lighting bill and of the recent defeat of measures introduced for the regulation of street car traffic in St. Louis. It is alleged, despite the outcry against the frauds which had been uncovered, that a covert use of \$3,000 in the house defeated the street railway bills mentioned.

Charles A. Gutke, one of the five former members of the house of delegates confined in the city jail on charges of bribery and perjury, was today informed of the death of his 11-year-old son, who had been sick for some time. The father wept at the news. Later Gutke was released on bonds.

The hearing of arguments before the supreme court on the petition for a writ of habeas corpus to secure the release of the imprisoned members of the house of delegates was today postponed to Saturday.

## NO COMBINE INTENDED.

Hamburg, Sept. 15.—The directors of the American-Hamburg Steamship company declare that the conference at Ostend, Belgium, Sept. 15, of the managers of the steamship lines plying between Europe and South America is not to be held with the view of forming a new Atlantic shipping combine, as announced by the Standard of London this morning. There is considerable doubt as to whether the conference will be held at all and if it meets its sole object will be to discuss freight matters connected with the South American trade.

## DOMESTIC TRAGEDY.

Sacramento, Cal., Sept. 15.—M. A. Young, a wholesale butcher, having ranches near Franklin, shot his wife in this city this afternoon and then turned the revolver on himself with fatal result. Mrs. Young received two shots, and it is believed she will die. The cause of the tragedy is not known.

HUNDREDS OF LIVES LOST  
IN THE BLAZING FORESTS

Blackened Ruins Now Mark the Spots Where Once Stood Happy Homes in Washington and Oregon.

Property Loss Cannot Be Estimated—Relief Being Hurried to the Destitute From the Coast Cities.

PORTLAND, Ore., Sept. 15.—Twenty lives have been lost, and it is roughly estimated that \$1,500,000 worth of property has been destroyed during the past week by forest fires in Oregon and Washington. Many more people are missing, but it will not be known how many are dead until reports from remote districts come in. The estimate of the property loss does not include standing timber, but covers saw mills, houses, barns, shops, cord wood and farm implements. Thousands of acres of timber have been burned over, but the destruction of green timber has not been heavy. Relief is being hurried from this city, Tacoma, Seattle and Vancouver, Wash., to those who have lost their homes and crops. The districts where the greatest destruction occurred were Lents, Springfield and Bridal Veil, in Oregon, and Fifth Play, Lewis River and Elma, Wash. In all these places it is estimated there are about 500 people without food and shelter.

The fires have nearly burned out, and this afternoon the smoke cleared away so that the sun was visible most of the afternoon.

A slight rain fell at Astoria today, but it extended only a few miles east of that place.

FIFTY LIVES LOST.

Woe and Desolation in Clark and Cowlitz Counties, Washington.

Vancouver, Wash., Sept. 14.—The list of fatalities in Clark and Cowlitz counties, as a result of the terrific forest fires, continues to increase rapidly. Sixteen deaths are reported today and persons living in the vicinity of the burned districts claim the list of dead will aggregate fifty. The dead reported today are:

C. A. McKee, wife and three children.

Orle Reid, wife and four children.

Mrs. Schmidt and three children and one unknown person.

The McKee and Reid families were residents of this city and left here several weeks ago for Trout Lake, near the headwaters of Lewis river, where they were camping when the fire overtook them. Their charred bodies were found yesterday. Other deaths in the Rock creek district near Bell mountain, are reported. The fire, according to reports, swept over a strip of timber in the northern part of Clark county, developing miles wide for a distance of forty miles.

The country around the headwaters of Lewis river is known to be full of prospectors and miners, and it is believed that many more lives were lost. More than twenty families in the vicinity of Rock Creek are homeless. Measures are being taken among the authorities and citizens to hasten relief and speedy assistance to the unfortunate.

SEARCH FOR THE DEAD.

Some of the Bodies Burned Almost Beyond Recognition.

Kalama, Wash., Sept. 15.—The latest report from the scene of the Lewis river forest fires shows that the fire

is practically exhausted and that relief parties are enabled to cover the devastated territory and gather more definite information. It is positively known that sixteen people have been burned to death, as follows:

Al Reed and son and a party of seven others, whose bodies are burned beyond recognition.

W. E. Newhouse, Mrs. G. Newhouse.

John Polly, wife and two children, and a brother of Mrs. Polly.

D. L. Wallace and family, who were reported among the dead, reached Trout Lake and were saved.

A large number of campers at the lake saved themselves by taking to the water on logs and rafts. About forty families are left homeless and destitute. But two houses are left standing on the upper Lewis river. The citizens of Woodland raised \$300 Saturday and immediately dispatched relief parties to the burned district. No accurate estimate of the loss of life or property can be made until the relief parties return.

## MONTANA FOREST ABLAZE.

Immense Amount of Damage on Flat-head Reservation.

Butte, Mont., Sept. 15.—A special from Kalispell to the Miner says: "Forest fires are raging on the north fork of the Flathead river, on the Flathead reservation. Ranchers have been fighting the flames two days and they are now beyond their control. They have sent for help and men will immediately go to the scene. Supervisor Haines in Tobacco Plains has been sent for. The first fire was a windfall and spread rapidly over one of the best belts of timber in this section, the exact location being near the large beds of coal, and gradually going east and south, threatening destruction to the timber in the vicinity of McDonald lake unless soon checked."

Haze of Fog and Smoke.

San Francisco, Sept. 15.—This city is enveloped in a haze of smoke and fog this morning. The superintendent of the local weather bureau, Alex C. McDonald, is authority for the statement that the smoke has its source in the forest fires now prevailing in Oregon and Washington, and that the fog which is sweeping down the coast is bringing the smoke with it. Smoke is reported from nearly all the stations in Oregon and Washington and along the California coast from San Francisco northward. There is little or no wind here, and the chances are that the peculiar conditions now obtaining will prevail for several days yet.

Charred Bodies Found.

Kalama, Wash., Sept. 15.—Reports from the fire-stricken districts of Lewis river continue to grow worse. The charred bodies of thirty-eight people have already been found. It is believed there will be more to follow. Many settlers and an unknown number of campers from outside points are already being buried. The bodies are being exhumed by the local authorities, and perhaps 500 people, most of whom were prosperous, and many well-to-do.

## THREATS UPON LIFE

## OF THE PRESIDENT

Cincinnati, O., Sept. 15.—The police are holding Joseph Schmitz, aged 40, on a charge of loitering, until he can invest in a state campaign. He is threatened to take the life of President Roosevelt. Schmitz was arrested on Saturday morning on a charge of threatening to kill the president. He is now being held in the city jail. The police are making an effort to learn the past history of the prisoner.

## GIRL COMMITS SUICIDE

## IN A FIT OF DESPONDENCY

San Francisco, Sept. 15.—Miss Cecelia Phillips, a stenographer, 22 years old, committed suicide today in the Anzelus hotel by taking cyanide of potassium. She was recently a resident of Buffalo, N. Y., where she was married to a young man, but did not take him into her confidence. The following note was found in her case:

## SETTLED WITH CREDITORS.

London, Sept. 15.—Lord Francis Hope has finally settled with his creditors on the basis of a cash compromise of £25 on the pound sterling. The amount of \$100,000. In addition to this amount a claim was lodged by May Tob, child Hope's divorced wife, for \$45,000, but it was utterly repudiated by the debtor.

## PART OF THE CREW LOST.

Colombo, Ceylon, Sept. 15.—It is now learned that the British steamer Mithras, news of the grounding of which on a reef south of Ceylon island, in the Indian ocean, Sept. 4, was extremely delayed. It has also been reported that the crew has been brought to this port. The captain and thirteen men are believed to have been drowned.

## MADE THE TRIP SAFELY.

San Francisco, Sept. 15.—The British ship Scotia, from Port Pirie, lumber laden, on which 20 per cent insurance has been quoted, was safely landed at Sydney, N. S. W., and reported all well.

## PARCHED EARTH FRESHENED.

Adelaide, South Australia, Sept. 15.—There has been a copious downfall of rain at this critical time in the agricultural districts. It has also benefited the pastoral country where there has been no rain for a year.

## LIEUT. MORRIS FOLLOWED THE CHAPLAIN

BOSTON, Sept. 15.—Lieutenant John R. Morris, U. S. N., was found dead in his state room on the United States Steamship Olympia by a fellow officer today. He had committed suicide by shooting with a revolver. The Olympia is anchored off the Boston navy yard. Lieutenant Morris was the engineering officer of the Olympia, and began his duty on that ship Jan. 25 last. No cause is known for his act. Lieutenant Morris was the second officer of the Olympia, Dewey's flagship, to commit suicide within five days. Chaplain William F. Morrison, U. S. N., committed suicide by shooting Thursday afternoon last at the Marine hospital, Chelsea, where he had been transferred a few days before.
